

5th May '20

Hi again folks

I hope you and your families are all still keeping safe and well and that the cabin fever is not too bad.

I appreciate that the longer this whole situation is going on, the more worried and stressed everyone is becoming.

Again, I am not going to set specific work for you but I ask that you work through the work your class teacher has set as best as you can. Some of it will be quite manageable while other parts of it will be very challenging. Please just **DO WHAT YOU CAN AND DO NOT STRESS ABOUT IT!**

Continue, also, to use the **WOODLANDS JUNIOR SCHOOL** website ( if you have access to the internet) and play some chess and card games!!

Please take this opportunity to revise all of your multiplication and division tables. Get someone in your family to ask you simple random sums throughout the day

This is also a great opportunity to catch up on reading! It is so important that you read, and read aloud for your parents or siblings.

I have set up an e-mail account so you can contact me directly if you have any worries or concerns.

The address is:

**Mr.LynchRm28@yahoo.com**

Please feel free to send me a message and let me know how you are getting on and how you are coping!! It would be lovely to hear from you all!! I do miss you!

The most important message I can give you though is to please, please, please **BE KIND** to yourself and to everybody.

I really do hope we are all back together soon,

Until then though, please continue to stay safe and **KEEP WASHING YOUR HANDS!!**

Hopefully see you all soon,

Olan Lynch
