11<sup>th</sup> May 2020

Dear Parents,

I hope that you and your families are all in good health at the beginning of this new week.

We know through your contact with us that many children continue to do so some school work every day during the school closure. It is difficult to continue to be motivated during this long period of school closure but a little work every day keeps children engaged with their learning and also helps to keep a little routine going. There are certainly going to be days when this is just not possible and please do not get stressed over school work on days that are difficult for you and your families.

We are very hopeful that we will be able to distribute all school books next week. I will confirm this with you on Thursday, 14<sup>th</sup> May after our Board of Management meeting on Wednesday night. If we are in a position to proceed with the distribution of books, you will be given an exact time for the collection of your child's books.

In the meantime, I hope that you will have a good week. Stay well and stay safe.

Kind regards,

Ann Murphy
