

14th May 2020

Dear Parents,

I hope that you and your families are all keeping well. It was the decision of the Board of Management at our meeting last night that we will be in a position to distribute all school books next week. Phase one (18th May) of the easing of government restrictions allows access to the school building by staff members. Please find below the time at which you can collect your child's books.

It is important that you come only at the appointed time because we must ensure social distancing on the school premises. You might like to organise your collection of books around your daily exercise or a trip to / from the shops. We would ask you not to bring children to the school when you are collecting books. We will organise books so that, when you come to collect them, you will get all of the books for brothers and sisters in the school.
