

27/4/2020

Dear Parents/Guardians,

I trust you are all still keeping well and staying safe. The following are worksheets for the week beginning April 27th. Like last week, they include a little bit of English (Reading, Comprehension and Language Skills) and some Maths (The Calendar). As before, they are suitable for any of the pupils who come to me for those areas of the curriculum. These sheets can be completed orally. The children should be well able to read the instructions and the content so please encourage them to do so. They may, however, need help with some words. Children should also try, where possible, to answer questions in a full sentence. These exercises are a guideline. Please don't stress if it is not possible for you to get the work done. Keep safe and stay well.

Ms. Mulvany

27/4/2020

Hello Children,

How did you get on last week? I wonder if you could try doing these worksheets at home. You can tell whoever is helping you the answer. Like last week,

- Try and read the poems and questions yourself.
- If you get stuck, ask for help.
- Answer the questions in a full sentence.
- Try and do as much as you can.
- Give yourself a pat on the back.
- Remember to keep washing your hands!
- Talk to you soon.

The Calendar Fact Sheet

The seven days of the week are:

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
--------	---------	-----------	----------	--------	----------	--------

The twelve months of the year are:

January	February	March	April	May	June
July	August	September	October	November	December

The four seasons are:

Spring	Summer	Autumn	Winter
--------	--------	--------	--------

The months in each season are:

Spring	Summer	Autumn	Winter
February	May	August	November
March	June	September	December
April	July	October	January

Now read and answer these questions. Check your answers in the fact boxes above.

The Seasons

The seasons change from year to year,

From **spring** to **summer** they appear.

Spring is wet, the flowers grow,

It rains a lot and melts the snow.

Summer is hot, it's full of sun,

There is no school, it's lots of fun.

Autumn is cool, the leaves fall down,

The colours change all over town.

Winter is cold, the snowflakes fall,

We skate and ski and make snowballs.

Answer the questions in full sentences.

The four seasons are _____, _____, _____ & _____.

Which season is the hottest? _____

Which season is the coldest? _____

How many months in each season? _____

Fill in the months in each season in the table.

Spring	Summer	Autumn	Winter

List three things that happen in each season.

In which season is your birthday? _____

In which season is Christmas? _____

Which season comes after summer? _____

What season is it now? _____

The Calendar
